WATERBURY MAN

HAS COMING TROTTER Baron A, to Be Heard from on the Grand Circuit.

The phenomenal success on the Grand Circuit of King Couchman, the fast brown gelding, which was owned by Daniel T. Hart of Waterbury until last week, and which added the Chamber of Commerce stake at De-troit and the Comstock stake at Grand Rapids to its list of wins, has turned attention again to Baron A., another one of Mr. Hart's successful horses on the track.

on the track.

This is Baron A.'s third year on the circuit, and he is at present with the rest of them at Kalamazoo after looking on at Grand Rapids during the past week. During his time of three years with the best of them, Baron A has not yet come in behind the money, and last year he was taking everything in sight until Ft Ericular the state of the s the money, and last year he was tak-ing everything in sight until Ft, Erie was reached. There he was put in a stall in which a horse with distemper stall in which a horse with distemper had previously lived and Baron A. behad a case of came ill, and soon he had a case of what is commonly called typhoid distemper, which put him out of the running for the rest of the year. When the season opened this year, When the season opened this year, however, Baron A. was in good condition, and Walter Cox, his driver is taking him along and holding him for something good when the time comes. Baron A. recently did four and a quarter on a Cleveland track and horsemen, who spend their time and money listing the racers, say this time under the circumstances was as good as 2.03 for the mile, and if anything, a little better. Baron A. who thing, a little better. Baron A., who is by Baron Medium, by Dan Wilkes, is a three-legged pacer, and he never

uses the straps, which is a rare habit in his class. No matter where he is cleanly to use and is true nourishment for the skin, cleaning and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect.

recommended that the permit be granted. It was so voted by the council.

New West Main Street Turnout.

The Connecticut Co's petition for the right to construct a turn-out in West Main street near Asylum street, accompanied by a blue print plan was presented before the council.

The petition was referred to the public works committee and the council took a recess of five minutes to allow the public works committee to consider the petition.

Upon their return, Alderman Hurisan offered resolutions for a public hearing on this proposed turnout. The date of the hearing was placed on the evening of Aug. 17th.

Weight and New London.

Seventy-five members of the Connecticut Society of Civil Engineers, Albert Bardiey; captain, E. Davenport; committee, J. Andrew, Tom Greenhalgh, A. Murdock, W. Smith and E. Jones. There will be another meeting on steamer Munnatawket, visiting the plant of state pier in East New London and Fort H. C. Wright, Luncheon was served on board the boat at 1 o'clock will be return trip from the fort for the election of officers.

Upon their return, Alderman Hurisan officers of the state pier, T. A. Scott Co., chartered steamer Muntatawket for the transportation of the store of George Weller's in the Ponemah building where the old post office was situated will undergo several changes in the near future. A senior captain of the Scott for the transportation of the store of George Weller's in the Ponemah building where the old post office was situated will undergo several changes in the near future. the engineers went aboard. The visi-tors were made welcome by Pres-ident Thomas A. Scott, who bacame a member of the association Tues-day. President George K. Crandall of the Engineers' society and the com-mittee of New London engineers ap-pointed for the purpose.

pointed for the purpose.

At the wharf of New London Ship & Engine Co., in Groton, where the first stop of the steamer was made officials of the company met the visitors and escorted them through the shops. They saw the different stages of construction of the Diesel type of heavy oil engines and inspected engines in operation on the test stands.

After visiting the engine company's day evening August 17th, which is the date for the hearing on the turnout asked for by the trolley company. The turnout asked for as shown on the blue print plan is 400 feet in length running westerly in West Main street from the point where Asylum, Mechan-le and Elizabeth streets come into gines in operation on the test stands.

After visiting the engine company's By its use the company could operate a 15 minute service to the Fair shops the Munnatawket returned London where engineers arriving late were taken aboard. The steamer then proceeded to East New London where the engineers in rain-coats and under- umbrellas walked over the ground involved in the conis asking a layout for in the Salem turnpike, which would be used for parking cars in waiting for the crowds version into an ocean steamship termi as they come out of the fair grounds.

President Robert W. Perkins of the
Shore Line Electric Railway and nal. Resident Engineer Waldo E. Clarke and several members of his staff were in the party and other engineers assisted in ushering the visitors over the work, answering questions. Rutherford C. Plaut, one of the di-rectors of the New London County Agricultural society were among the half dozen citizens who were i nthe seats outside the council rail, but there tions and explaining the original lay-out of the shore before the work was

undertaken. Trip to Fort Wright. The Munnatawket waited two hours state pier, then proceeded down the harbor past Eastern Point and across Fishers Island sound. To the government wharf at Fishers Island the party was met by officers from Fort Wright, who escorted them about the fortification. For the en-HOME OF HOLSTEINS lightenment of the visitors there was gun drill by the regular troops. Col. gun drill by the regular troops. Col. John D. Barrette looked after the en-

ertainment of the visitors. On the trip music was furnished by orchestra directed by Frederick Wight. Through the generosity Second Vice President Clarence Blakeslee of the society the engineers had luncheon aboard the Munnatawket on the trip out. The luncheon was served from daintily packed boxes. The start of the trip was given a imorous turn wi in it was found that box of flowers, the gift of the Scotts of the engineers, had been left on the wharf. One of the men on the wharf risked falling overboard to climb a pile and hastily volplane the huge flower box to the deck of the Munna in the stream. Deckhands caught the box at the gangway rall and saved it going overboard on the
